Dear Mr. Lyons:

Our circulation records indicate as charged to you the books noted below, with their respective dates due. We are ready to extend the loan for an additional month if you will check the material you wish to have renewed. May we ask, on our part, that you return to the library at your earliest convenience those volumes for which you no longer have an active need, and help us thereby to make immediately available as many books as possible to the student body and other members of the faculty.

Very truly yours,

Paul J. Neumann
Librarian
